About This Game

Angel Wings is a Korean drama-inspired visual novel exploring themes of isolation, dependence, and autonomy set in an unfamiliar new city.

As the player, you begin your journey from rock bottom -- no job, no girlfriend and no motivation — but upon answering a mysterious phone call, you awaken in an unknown place filled with new faces.

Through intricate relationships and thoughtful introspection, you will experience love, catharsis, or heartbreak.

Will you soar to new heights, or fly too close to the sun?
